## Speakers

**Yngvild Olsen, M.D.** currently serves as the Medical Director for the Institutes for Behavior Resources/REACH Health Services and as a consultant on integrated care initiatives in Baltimore City. Dr. Olsen previously served as the Vice President of Clinical Affairs and Medical Director for the Baltimore Substance Abuse System, Inc. (bSAS).

**Enrique Olivares, M.D.** is the Director of Addictions at ValueOptions, Inc. Dr. Olivares served as the Chief of Psychiatry at The University of Maryland Medical Center from 2008-15. He is board certified in adult psychiatry. and addiction medicine .

**Eric Strain, M.D.** serves as the Director of The Center for Substance Abuse Treatment and Research at Johns Hopkins Bayview Medical Center. His areas of expertise include: addiction psychiatry services, substance abuse and substance abuse research.

**Marc Fishman, M.D.** is the Medical Director of Maryland Treatment Centers. His clinical specialties include treatment of drug-involved and dual-diagnosis adolescents and opioid dependence in adolescents and adults. His research work has focused on models of care and treatment outcomes in adolescent addictions, in particular opioid dependence.

**Sunil Khushalani, M.D.** serves as Service Chief of the Co-Occurring Disorders Program at Sheppard Pratt Health System. He specializes in working with patients who have both addictions and other major psychiatric disorders. He was recognized in 2014 by the Castle Connolly Top Doctors List.

**George Kolodner, M.D.** is an addiction psychiatrist who specializes in the outpatient treatment of substance use disorders. After leaving the Navy in 1973, he designed and implemented the first intensive outpatient addiction treatment program in the country – the Kolmac Clinic – where he continues to serve as the medical director.

**Christopher Welsh, M.D.** is the Medical Director of Substance Abuse Consultation Services and Comprehensive Recovery Program at University of Maryland Medical Center. His main area of clinical work is in the areas of addiction and dual diagnosis. He has also worked with the Baltimore City Department of Health on the needle-exchange and opioid overdose prevention projects.

## \*Accreditation/Designation

The Maryland Psychiatric Society is accredited by MedChi, The Maryland State Medical Society, to sponsor **continuing medical education for physicians**. The Maryland Psychiatric Society designates this continuing medical educational activity for a maximum of 7 *AMA PRA Category 1 credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity

This activity is approved for a maximum of 7 hours of Category I Continuing Education **for Social Workers** by the Maryland Board of Social Workers.

This activity is approved for a maximum of 7 hours of Continuing Education **for Psychologists**. The Maryland Psychiatric Society is an approved provider of AMA PRA Category 1 Credit.

## Goals & Objectives

At the conclusion of the program, the participant should be able to:

Describe the epidemiology of co-occurring disorders and be able to narrate a pragmatic way to conceptualize these patients.

Identify developmentally specific needs of youth with opioid addiction

Increase their understanding of Maryland's response to the growing epidemic of opioid overdose.

Identify at least two FDA-approved medications used for the treatment of alcohol use disorders

Discuss the risk factors for the development of substance use disorders, including genetic, biological, and environmental

Identify at least three FDA-approved medication formulations used for the treatment of nicotine use disorders

Identify at least one new medication that is currently under development for the treatment of an addictive disorder

Identify proper screening tools and strategies for the most common substance abuse disorders
