

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Psychiatric Association (APA) and the Maryland Psychiatric Society (MPS).

The APA is accredited by the ACCME to provide continuing medical education for physicians. The APA designates this live activity for a maximum of 12.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

PROGRAM OBJECTIVES

At the conclusion of the activity, participants should be able to:

Understand the changing health care system and APA's changing to meet the new health environment;

Understand the ethical implications and challenges to the fundamental identity of the psychiatric profession, and to prepare for this phenomenon as it inevitably comes to the U.S.;

Learn about the psychiatric risks of cannabis use and the treatment of cannabis use disorders, and understand the medical cannabis law in Maryland and how it can be used, under careful physician supervision, to help patients with a variety of conditions;

Identify the common barriers to identification and successful treatment of opioid abuse in the older adult, and understand the history of opioid use and the standards of care for the treatment of opioid use disorder in pregnancy;

Identify risks associated with the use of antidepressants during pregnancy and associated with untreated perinatal depression;

Define the clinical indications and expected treatment outcomes with transcranial magnetic stimulation;

Understand and appreciate that the issue of guns, violence and mental illness is suicide, not homicide;

Understand the clinical aspects of OCD and the pharmacological treatment and be able to cite ways that psychiatrists can use mindfulness and other CBT concepts to help patients cope with OCD;

Discuss the ways that people with psychiatric conditions benefit from modern structures that are accountable, integrated and/or collaborative, and be able to discuss the ramifications of ACA policy in shaping the future of the practice of psychiatry;

Identify the relationship between belief and physical and mental health, and examine the scientific evidence documenting how a change in belief can alter brain function, and formulate a methodology for separating healthy from unhealthy beliefs.

LOCAL ATTRACTIONS IN BALTIMORE

American Visionary Arts Museum (AVAM)
AVAM specializes in the preservation and display of outsider art (also known as “intuitive art,” “raw art,” or “art brut”). Located at the southern end of Baltimore’s Inner Harbor, AVAM includes a permanent collection of approximately 4,000 pieces. It will be the site of our jointly-sponsored Thursday evening reception with PRMS, MPS and SPA, and promises to be an inspiring and fun evening.

Baltimore Trolley Tour (90 minutes)
Take a journey in a private, climate-controlled trolley through the neighborhoods of downtown Baltimore. The tour showcases the city’s role in the Revolutionary War, the War of 1812, the Industrial Revolution and the preservation of historic architecture, monuments and waterfront neighborhoods. Departs from hotel lobby at 2:30 p.m. **Additional Charge*

Baltimore Harbor Cruise (45 minutes)
Listen to entertaining narration about Federal Hill, the Domino Sugar refinery, Fells Point, the USS Constellation and catch a glimpse of Fort McHenry. The Annapolitan II features full beverage service, a climate-controlled lower deck and an open deck perfect for sight-seeing and enjoying the water breezes. Departs from Baltimore Finger Piers at 2:45 p.m. **Additional Charge*
